Dear Friends & Colleagues,

our fall program 2022 is here!

In our novel **Completely Crazy**, ages 11+, Jutta Nymphius' protagonist Karli fathoms out the hard way what supposed normalcy is when his best friend Robin, tidy, normal and average, suddenly develops an obsessive-compulsive disorder.

In their picture book **How Different Is Old**, Bettina Obrecht and Julie Völk – just like in their previous picture book **Then I'll Go Now, Time Said** – poetically tackle philosophical questions. How different is being young from being old?

The board book **Ahhh!** by multi-awarded Antje Damm in collage technique shows a chain reaction. Funny and (almost) without words.

In **Over My Dead Body** by Beate Doelling for ages 10+, Lila and her friends have to stand up against "The Pink", tough business women who have almost taken over the whole city with their office towers, chains, own TV shows and apps. Only her grandma's hair salon has resisted...until her grandma disappears one day... an ode to resistance!

Wishing you all the best,
the Tulipan Team

The Grandmas' Christmas Duel

FIRST READERS 7+ READ-OUT-LOUD 4+

As Hubert's and Otto's parents need to work, the two friends are spending Christmas together with their peculiar grandmothers Cecilia and Elfriede – former acrobatic divers who just cannot put aside their competitive spirit. So Christmas Eve turns into a competition as well: Who makes better Christmas cookies? Who has the better Christmas decoration and is the choice of food appropriate? Only after Otto's two geckos escape from their terrarium, and after the Christmas tree falls together with grandma Elfriede, peace starts to reign and the rivalries are finally replaced by a true Christmas spirit.

Hannes Wirlinger has created numerous scripts for television thrillers and writes texts for children. His novel "Der Vogelschorsch" was awarded the Austrian Children's and Youth Book Prize 2020.

Completely Crazy

Karli is annoyed. His father really thinks he can take part in a wheelchair race with his old, crappy wheelchair, his mother tries to invent useful devices instead of doing the household and his uncle Nikita rather feels like a woman. Why can't people around him be as "normal" and average as his best friend Robin and his family?

As Karli meets the cute girl Jona on a party who dances so nicely but turns out to be deaf, Karli has had enough of "special people". When Karli and Robin start a blog about tidiness, Karli is enthusiastic. He might be able to change his family for the better now!

Until Robin gets obsessed about keeping things in order and develops an obsessive-compulsive disorder, which shakes Karli's perception of what he had thought to be "normal" and desirable to the core.

„Jutta Nymphius has enthused us with her ability to absolutely believably describe the world through the eyes of a pubescent boy. At the same time, she equips this world with all kinds of supposed obstacles, which later turn out to be nothing more than reality [...].“

How Different Is Old?

Grandma, what is it like to be old?

While you like laughing or dancing or singing no matter how old you are, other things like the perception of time or expectations you have might be different depending on your age.

In a dialogue between grandchild and grandmother, Bettina Obrecht raises philosophical questions about age: What constitutes being a child and what constitutes the latter stage of life? And which feelings are simply human, no matter how old you are?

Bettina Obrecht, born in 1964, has published over fifty books for children and young adults. She also writes texts for radio and stories for adults and translates books. Today she lives with her family in Hesse.

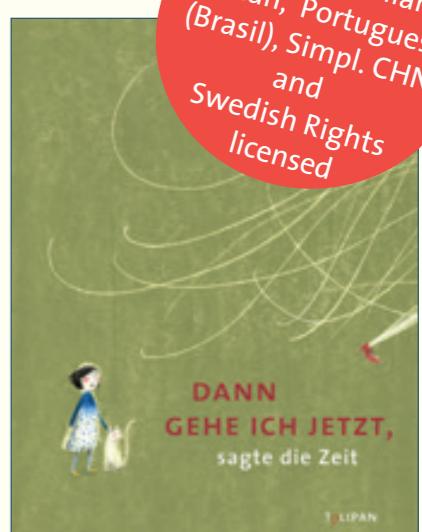

Julie Völk studied illustration in Hamburg and has developed her own very fine and sensitive style. Her books have won many awards, including the Troisdorf Picture Book Prize. She lives and works near Vienna.

Carla's Comical Cuddly Toys

Her collection of stuffed animals is Carla's joy and pride.
 She does not only own a teddy bear, but also a bumblebee, a tiger, an owl, a shark and many more. The family's puppy Flake though loves to tear apart things and so one day it happens: Flake gets a hold of all of Carla's beloved cuddly toys...

After a short moment of shock, there is a miraculous surprise in the end, as with a thread and a needle, a new fantastic and unique zoo of cuddly animals comes to life: Meet the "puglet", half pug, half piglet. Or the "snowl", half snail, half owl. With her new magic animals in her arms, Karla can once again fall asleep peacefully every evening.

In A Land Far Away

It isn't quite easy to enter the "land far away".

Anyone who wants to go and see it gets the chance to do so only one single day a year. Then the gate opens for a short time and offers admission to a funny and enchanted world: You will find giraffes drinking raspberry syrup from rain pipes, giant seagulls with colourful mane, trolls of the valley which are addicted to knitting and fluffy and ugly barbecue monsters!

The Magic Unicorn

PICTURE BOOK 4+ 

Luzie is absolutely sure of it: Unicorns are lucky charms.

Unfortunately, the snow globe with the magic unicorn inside does not belong to her, but to Leonora. Luzie would love to have it and shake this glittering globe herself in order to make a wish. As Luzie sees it standing in the wardrobe one day, she secretly takes it home with her. But as much as she had been looking forward to it all day, Luzie suddenly feels that she cannot make a wish. There is a funny feeling in her stomach. She even cannot eat her favourite food she cooked together with Mom. When Mom hugs away her sadness she suddenly knows what to wish for.

Can Luzie make up for her mistake?

Will, The Werewolf Whelp

Will has a secret that no one but his best friend Ben should know about: Every time he comes into contact with water and soap, the nice Will turns into a mean werewolf puppy. As a puppy, Will looks cute but he actually rips apart children's footballs, wildly tears down the school's janitor's clothes from the rack or digs up carrots from the vegetable garden. Afterwards, Will is more than uncomfortable about his deeds and tries to make up for all the damage with Ben's help. But how long will Will and Ben succeed in keeping Will's double life as a werewolf pup a secret? It seems that the natural history teacher Mr. Helsing has already become a little suspicious...

Mex Ploro

It is Mex' biggest wish to become a polar explorer.

When his uncle Ignus gets a position as a fireman at the research station Tutum in Antarctica, Mex senses the chance of a lifetime. And Mex is really allowed to accompany his uncle for a few weeks – so Mex is determined to show his explorer skills there.

But station chief Clarissa has other plans. She wants Mex to make friends with her two children so they are less isolated. Instead of going on a drilling expedition with the researchers, Mex is thus supposed to keep Zoe and Aron happy.

Under a pretext, Mex decides to reach the drilling camp, no matter what. The excursion in the snow mobile with Aron, Zoe and uncle Ignus though turns out to get more dangerous than Mex suspected, but in the end all four of them can count on each other when they threaten to get stuck in endless ice and snow. Will Mex' explorer dream finally come true?

Over My Dead Body!

Lila grows up at her Grandma Trudy's who has an apartment just above her hair salon which also functions as a nucleus of resistance in the city which has almost completely been taken over by the "Pink", ambitious business ladies owning shopping malls, office towers, talent shows and addictive apps.

Grandma Trudy is determined to not give in to them and to not sell her house to them. Until one day, she disappears out of the blue. Lila is shocked but at the same time sure that her Grandma has not had a deadly accident such as the Pink try to make her believe. Together with her friends Shari, Doki and the Ex-Pink girl Gerdi they go on a quest for Lila's Grandma and on a mission to reveal the dubious system of the Pink.
